Published on November 19, 2020 When you want to improve your workflow, you must have the right computer. And one of the most interesting computers out there is the macbook. This sleek transportable computer allows you to work anywhere at any time and provides many functions to their users. But sometimes, it's not enough. In many cases, you are looking for more. While you can go for some productivity apps, there are actually plenty of macbook accessories available that will make your life easier in many ways. These additional accessories will allow your macbook to charge faster, store more data, or keep it safe and secure while you travel. Beyond that, there is a wide variety of accessories to choose from as many companies have jumped into the supply bandwagon for macbook users. Below we've listed some of the biggest macbook accessories that will benefit your computer. What Makes Macbook Accessories Great? Before getting on the list, we wanted to go over the criteria for what makes a great macbook accessory. The item we choose from this list will have the following criteria: Affordable price - The accessories themselves should not break the bank compared to the initial investment of a large macbook. Usability – All these accessories are practical in a variety of situations, however, they also have additional features that make them useful in some situations beyond their obvious functions. Concise – Workflows are also about space in most circumstances. Thus, anything too big doesn't help much. These accessories are deliberately large – for storage of other items – or nice and compact so they won't get in the way. USB Drive To Store Files Quickly Without Accessing the Cloud While you can always access the Cloud at any time, sometimes accessibility can be complicated or time-filled. Instead of trying to access such files, getting a USB flash drive can save you a lot of time. Especially if your work requires providing presentations. SanDisk Ultra Dual Drive is great because it offers USB-C and USB-A connectors that allow you to connect to almost any device and transfer files and more between computers. Also, USB drives boast several hundred gigabytes today making them solid storage devices. Buy a SanDisk Ultra Dual Drive here.Compact Charger That Does More Than your default Charger that comes with your MacBook is a good choice for chargers, but today chargers can offer much more. This can help you speed up your workflow because you can charge other devices or use the charger for other uses outside of charging. In the case of a PowerPort Anker charger, it's more compact than the default charger. It also offers Another USB-C that allows you to quickly charge other gadgets with it. Purchase an Anker PowerPort charger here. Port Adapters For Those With Multiple DevicesOne of the hard restrictions with macbooks is to have only two USB-C ports. It can be managed for people with fewer gadgets but You are the kind that has several, can interfere with your workflow if you need a certain device and you can not charge or access it. In this situation, the port adapter from Satechi can help. It offers several USB-C ports that allow you to use multiple devices. It can also help in arranging ropes that we know can interfere with work. If the USB-C port is not enough, it also comes with an SD card reader and an ethernet cable port as well. Buy Satechi Multi-Port Adapter here. Uninterrupted Or Complicated USB Cable To Use a USB-C Cable that comes with a small Macbook and is used to connect to external monitors. By adding more length to them, you can have better cable management. One option we found ideal was the Nomad Kevlar cable which offers enough length to do what you want while giving you more space to work with. Buy Nomad Kevlar USB-C Cable here. Screen Cleaning Your Laptop To See What You Are DoingDust, particles and splotches are expected on the laptop screen after a while. Although you can work on these, sometimes they can obscure your vision sometimes. The same can apply to all devices today. The only problem with many solutions on the market is that they can damage the screen. Fortunately, we found a screen cleaning solution that does not harm the screen. The ScreenDr Professional screen cleaning kit comes with a screen-safe spray and antimicrobial microfiber fabric to ensure you make the most of the spray. Buy screendr Professional Screen Cleaning Kit here. Card Reader that Speeds Up Photo Transfer TimeIf you're looking for a standalone card reader for your work, getting a device designed to transfer and read photos is essential. One of the best macbook accessories in this category that we found was the Vanja card reader. This one is capable of reading SD and MicroSD cards while transferring images to a computer easily thanks to usb-C and USB 2.0 port options. It's also small making it easy to carry around and cheap to buy making it a great option to take if you're dealing with a lot of pictures. Buy a Vanja Card Reader here. Protective Arm To Protect Your Laptop From HarmFor those traveling the last thing you want is for your laptop to get damaged for any reason. While you're unlikely to drop it as often as your phone, having an arm for a laptop that will be on can save you time. One arm we found attractive was the Native Union arm. They are made of tear-resistant material with genuine leather accents. The interior is soft and prevents scratches from your laptop. It also offers a pocket area where you can cables and other macbook accessories with ease. Buy a Native Union laptop arm here. Car Chargers For Charging On GoFor people who are always driving around, car chargers are always a helpful tool to have when you travel. The one from Anker is very helpful in a number of ways. It can not only charge your macbook, but also has additional ports You will charge your phone if needed. It's not the fastest charger out there when compared to a MacBook Pro adapter but it's the highest on the market with 30 watts of output power. By comparison, the second fastest charging connector offers an output of 18 watts. In addition the charger has an ILLUMINATED LED ring for you to view and a late-night connector. It also has a function that ensures the device does not experience surges or overheating from the charger itself. Buy Anker PowerDrive car charger here. USB-C to USB-A Adapter Gives Access To Older ModelsIf your old macbook is still working but has the files you want that you don't back up that you want this makes it easier to access them. It also allows you to access devices that only have a USB-A slot. This can save you a lot of time if you move between older and newer devices. Buy a Thunderbolt Adapter here. Hardshell Case For Added ProtectionA sleeves are great for travel, but when you use them, having an extra layer of protection can be fun. Beyond that this hardshell case can also serve as an additional protection from scratches and bumps as well. Buy a textured incase hardshell case here. Alternative Arm For Those With Tighter Budgets But Want ProtectionIf you're looking for a suitable laptop arm but don't want to spend too much, the AmazonBasics brand is a good alternative. Their sleeves are elegant and still offer good protection from scratches as well. It also has some pockets for small essentials as well. Buy amazonbasics laptop arm here. Hubs That Accommodate Multiple Ports At OnceWe've mentioned ports before they became huge time savers thanks to having different ports for different devices. This one is a great alternative because although it doesn't offer that many USB-C ports, it offers more variety. Paired with the same color design as the MacBook Air, it offers two USB-C connectors, two USB 3.0 ports, an HDMI port and an SD and microSD card reader. Buy Satechi Type C Pro Hub here. Earbuds To Deal With Fewer Headphone CordsCords are a common problem when increasing productivity at the table and one way to reduce them is to go wireless. If you think about it, one option to consider is the Soundcore earbuds. These are cheaper than traditional AirPods from Apple that can save you money. In addition, they provide great sound and are connected via Bluetooth. The beauty of these earbuds is that they can also cancel out sounds even though they are so compact. They also offer touch controls that allow you to pause, play, skip music, and answer calls. Buy Soundcore Earphones are here. Desktop Stand To Save Desk SpaceDesk space is another important part of productivity because things can hinder and hinder your work. In cases where you do not need your current laptop, having a stand where you can set it aside can help. In such situations, we recommend the Twelve South Book Arc. This neat Macbook accessory can save you a lot of space because it requires you to close close laptop to put it in the stand. It also keeps it high from the surface that can protect it from spillageBuy Twelve South BookArc desktop stands here. Convenient and Easy to Use Mouse For Faster Working SpeedThe last of the macbook accessories we will talk about is the right mouse. Logitech offers fantastic mice and their Logitech MX Master 3 is one of the largest wireless mice out there. It is an ergonomic design, customizable buttons and fantastic precise movements. It is also equipped with a scroll wheel for proper scrolling. Battery power can last for months between power and like all Logitech devices, it comes with a USB-C connector for charging. Buy Logitech MX Master 3 Wireless Mouse here. Bottom lineThere are a lot of macbook accessories out there to improve your workflow. Taking the time to do your research and invest in some of the best though will save you a lot of time, money, and energy in the long run. At the same time, all these accessories can help you with specific needs for whatever you do. Featured photo credit: Viktor Ritsvall via unsplash.com unsplash.com
